

RELAY SELECTION SUMMARY		
Protection Application	Relay	Description
Generator Protection	G60 G30 489	Mid-range protection system Modular microprocessor family Small to medium generator protection
Transformer Protection	T60 T35 745	Medium to large transformer 6 winding transformer protection Medium to large transformer protection
Transmission Line Protection	L90 L60 L30 D90+ D60 D30	Line current differential protection Line phase comparison protection Line current differential protection Sub-cycle distance protection Distance protection Backup distance protection
Bus Protection	B90 B30	Multiple section busbar protection Busbar protection
Feeder Protection	F60 F35 750/760 350	Feeder protection with Hi-Z detection Multiple feeder protection Advanced draw out feeder protection Overcurrent feeder protection
Motor Protection	M60 SR469 SR339 SR369	Medium to large motor protection Medium to large motor protection Small to medium motor protection Small to medium motor protection
IEC1850 Process Bus	Hardfibre System	IEC61850 Process Bus Solution
